3. How much **additional acreage** was disturbed during the past year? 0 acres
4. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, and volume of material moved.
Material mined came out of our existing mine area.
5. How much acreage was **reclaimed** during the past year? none
6. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.
None
Some spraying of weeds was done.
7. What is the **total disturbed acreage** at years end? 25 acres
8. Briefly summarize any mining and/or reclamation plans for the upcoming year.
We will spray for noxious weeds + try to seed some of the old dump areas. We will probably not need to disturb any new ground this year.

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. Additional Information

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached.
